This exhilarating and fast paced show tells the story of the star's meteoric rise to stardom and his equally fast fall from grace before regaining his crown as the most exciting live performer the world has ever witnessed.

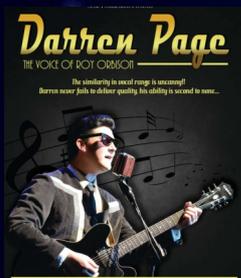

Dave had the idea of starting his own show - Travelin' Man The Ricky Nelson Rock n Roll Show. Now in its 4th year this show is going from strength to strength.

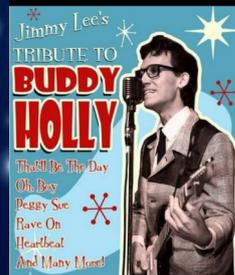

Dave says this is his greatest achievement and is his pride and joy. To get the multi list of hits to the public from the man who was 2nd only to Elvis in record sales between 1957-62 is literally a dream fulfilled.

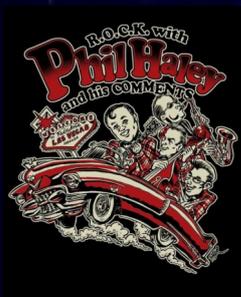

Rebel Dean - London's West End/ London Palladium and various theatre shows around the world, currently starring in the Award Winning "Whole Lotta Shakin' - The Shakin' Stevens Story" throughout UK theatres.

Now starring in his own show, 'Darren Page - The Voice of Roy Orbison', he will entertain you with all of Orbison's biggest hits with a setlist that includes 'I Drove All Night', 'Running Stared', 'In Dreams' and many more, the memories are endless as Darren covers everything from Orbison's early years to his stint with supergroup the Traveling Wilburys.

Jimmy Lee is a multi instrumentalist who has written and recorded a number of albums with various bands and has toured the U.S.A, Japan as well as Europe and the UK. Jimmy has been involved with many shows over the years and pays an authentic tribute to the legendary Buddy Holly.

Phil was always a fan of Bill Haley but until he was told he looked and sounded like him he decided to put a band together.

We have played all over Europe and to Australia 8 times and America at the Ink and Iron Festival, California and Viva Las Vegas Festival.

Vince Hughes a winner of Stars in Their Eyes. Vince takes you back to all the big hits of this iconic Star with the ultimate sound of Dion including The Wanderer, Runaround Sue and all the big hits. Dion is known for the one that gave up his seat on that fateful flight of Buddy, Big Bopper and Ritchie Valens.

Julie Jive and the Bigshots

We are a five piece band from Essex, playing swingin', rockin' and jivin' music from the 1950s. Providing slick musical and visual entertainment. Our music is mainly American roots of rock n roll, some popular well known tunes to the seldom heard (though none-the-less great). From the likes of Etta James, Ruth Brown, Bill Haley, Peggy Lee, Big Maybelle, Brenda Lee etc.
